Microsoft Dynamics AX Consultant - Technical

Axtin, Inc. is an established provider of Microsoft Dynamics AX implementation services and is a **Certified Microsoft Partner**. Axtin strives to be the preferred AX service provider to the Construction and Industrial Equipment Manufacturing (IEM) verticals. Axtin also serves other industries as a bi-product of professional relationships and an excellent reputation.

We are seeking a technically competent, energetic and reliable consultant that will commit to growing and succeeding at Axtin. This is a strategic position with tremendous potential for an ambitious "team player". We expect this individual to develop into an AX Technical Consulting Lead for Axtin, Inc.

Travel Requirement

Axtin Consultants are required to travel. Our typical travel schedule is Monday – Thursday. We negotiate work-from-home opportunities with clients when appropriate. Consultants work from home when not at a client site. Axtin understands quality-of-life issues for business travelers and earnestly attempts to be considerate of employee needs. However, travel is a firm requirement for this position.

Responsibilities

The Microsoft Dynamics AX Consultant (Technical) is responsible for supporting technical aspects of AX implementation. This includes, but is not limited to, network design and configuration, AX installation and configuration, design of integrations and customizations, development of technical specifications, SQL installation, data base design and configuration, development of scripts and stored procedures.

Qualifications

- Associate Degree in Computer Science *acceptable*, Bachelor Degree *preferred*,
- At least two years of relevant experience
- Excellent written and oral communication skills
- Ability to work independently

Candidates MUST possess the following Microsoft Corporation Certifications:

- MCSE
- SQL 2005 Certification
- Microsoft Dynamics AX Installation & Configuration

Additional skills and experience desired:

- MCSA 2005
- Dynamics AX experience and/or certifications (in addition to Installation & Configuration)
- Enterprise portal configuration
- Microsoft Office, Projects, Visio, Access
- Microsoft SRS 2005 with Dynamics AX

Benefits

- Health Insurance – Premium fully paid by Axtin, Inc.
- Paid vacation – Four weeks per year (one week earned per quarter)
- Performance-based annual bonus
- 401K

Axtin, Inc. is an Equal Opportunity Employer
